

## **ADDRESS**

### ***Your Address adds to 7***

The most unconventional address in all respects. Good for single adults; alone but not lonely. Inspires spiritual growth but abhors conventional organized religion. Inspires depth of thought, reading, contemplation and perhaps even meditation. Serious and often pushing one to become a bit more introvert, this address is favourable.

Just as only an artist knows the bliss of "breaking through" to create a truly great piece, only the seven knows the ecstasy of a truly spiritual realization. If all churches, mosques, and synagogues were located at "number 7 addresses" the world would be a better place.

Those who like to keep things light and superficial tend to find little happiness in this location.

Strengthen the positive influence of this address with:

Few colors, preferably white or shades of white. Austere, minimal furniture. Simple but high quality. Avoid clutter. Be the opposite of a pack rat - eliminate what you don't need.

## **TELEPHONE NUMBER**

### ***Your Phone number adds to 5***

Your telephone number adds to 5. Adventure and change, this number is anything but stable. Expect the unexpected. Good for sales pitches. Also good for unconventional individuals and freedom loving travelers. Not so good for families. Lacks discipline and responsibility. Not good for people with eating disorders or dependencies of any kind.
